"He who is not forgotten is not dead"

In Memoriam

MARTIN A. FRANKEL

1949-1975
The Pocket Part is the first edition of the Hofstra Law Annual. Because of various economic factors, the size of this first edition has been reduced so much that the title - The Pocket Part - has taken on a new significance.

We remind ourselves that the first step is always the hardest and we hope that succeeding classes make the Law Annual a tradition here at Hofstra.

The Editors.
