If Aristotle were still alive, we’d probably flunk him.

He’d be too old. Generally, the younger you are and the better your health, the better your chances.

So don’t wait, Buy now, and, regardless of what happens in the future, you’ll have protection. At the lowest rates possible.

Stop by our office and let’s talk over the benefits of buying while you’re still in school.

CROSSING THE BAR

Sunset and evening star,
And one clear call for me!
And may there be no foaming of the bar,
When I put out to sea,

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;

For tho’ from out our bourne of Time and Place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crost the bar.

Alfred Lord Tennyson, 1889

Kiss the big burger good-bye.

According to economists, hamburger's going to hit $25 a pound in 20 years. So start stashing your money away each and every month or you'll never be able to afford it.

Life insurance is a good way to help you save regularly for the future, while giving you needed protection.

Stop by our campus office and let's talk over our life policy. You won't have to kiss anything good-bye.
