CROSSING THE BAR

Sunset and evening star,
And one clear call for me!
And may there be no foaming of the bar,
When I put out to sea,

But such a tide as moving seems asleep,
Too full for sound and foam,
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell,
And after that the dark!
And may there be no sadness of farewell,
When I embark;

For tho' from out our bourne of Time and Place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crost the bar.

Why BRC is not
just another bar review
course...

it’s the best.

The Josephson Bar Review Center (BRC) has literally revolutionized the concept of bar reviewing by applying principles of learning and testing psychology to the unique problem of bar preparation. With the same professional expertise that resulted in the Sum and Substance of Law series of books and tapes, BRC developed a truly unique bar review program now offered in 14 states.

Several other bar courses have imitated the BRC approach, but usually the imitation has been limited to cosmetic features or the use of programmed learning language in promotional literature. Imitation is the sincerest form of flattery, but it is also a real source of confusion.

Please take a few minutes to look into each course in detail. You won’t be sorry and we will be happy to help you get through the bar exam.

1. BRC gives the only comprehensive diagnostic pre-test in each bar tested area with computer evaluation of each student and page and line references for incorrect answers.

2. BRC gives each student comprehensive practice on New York-type essay questions and more attorney-graded individualized critiques than any other course.

3. BRC provides the nation’s only true programmed learning system (PLS) with an integrated pacing and feedback program of personalized reinforcement.

4. BRC provides detachable Capsule Outlines and complete professor-written and signed New York Law Summaries.

5. BRC provides extensive lectures, written materials and actual practice on effective bar exam techniques — both essay and objective questions.

6. BRC provides individual professor experts in each course area and integrated problem sessions emphasizing current New York cases and typical cross-over questions.

We will make every effort to allow you to look us over so you can take advantage of our tremendous early enrollment benefits. Call us or talk to one of your campus reps.
