DEAN’S MESSAGE

I am delighted to include a message in this year’s Pocket Part. The Pocket Part represents a less formal and more personal remembrance of student’s years at the Hofstra Law School. More than anything else it serves as a memoir of classmates, student organizations and faculty, with photographs of familiar settings and pleasurable events.

In that respect Pocket Part is a relaxed diversion from the rigors of the curriculum, examinations and other professional and academic demands.

I believe in the cliche that “all work and no play makes one dull.” Pocket Part serves as a souvenir of both the “work and the play” of Law School but in a congenial and camaraderie mode.

We congratulate you on the completion of your studies here. We wish you every success in your professional lives. We respect you as our most prominent and important “ambassadors” to the legal profession.

ERIC J. SCHMERTZ
