DEAN’S MESSAGE

I certainly am pleased to add a few words to this year’s Pocket Part. The Yearbook represents the culmination of a student’s academic career at the Hofstra Law School. It recognizes each member of the graduating class and provides a permanent record of your years here, including remembrances of the faculty with whom you studied and the organizations with which your were affiliated. As I said last year, the Pocket Part is a pleasurable memoir which in an informal way records some of the diversions from the rigors of the curriculum, examinations and other professional and academic demands. It is a souvenir of fun and friends and extra-curricular activities that make up the full life of a law student. And in that respect it will serve as a diary of what I hope has been for each of you, a positive experience in the study of law.

I congratulate each of you on the completion of your studies and I wish you every success in your personal and professional lives ahead.
