# 5 good reasons why USCA annotations make your job easier

## 1 ANNOTATIONS ARE INDEXED:

Every USCA annotation is carefully arranged according to the portion of the law it construes. The index to notes of decisions guides you quickly to the constructions you need.

## 2 HISTORY OF CASE:

The history of each case through the courts in which the case was considered is provided through each citation.

## 3 SPECIFIC CITATIONS:

Wherever cases are similar, USCA editors give only the citations of each case that may apply to a particular note of decision—a feature to save you space and time. You can make a preliminary review of only the Supreme Court cases or those from your circuit, or you can review each case at the beginning of your search.

## 4 PARALLEL CITATIONS:

Again to save you the time of referring to a translation table, parallel citations are given for all standard reports, including local reports.

## 5 POCKET PARTS, SUPPLEMENTAL PAMPHLETS:

Cases decided later than publication of the bound volume may be pertinent to your question. You can avoid overlooking these if you always remember to check the pocket parts plus any annotated pamphlet published since the pocket part.
