IT'S COMPLETE. IT'S CONTEMPORARY. IT'S EASY TO USE.

Your practice deserves the law encyclopedia that cuts no corners in bringing you all the law.

Corpus Juris Secundum is the encyclopedia that is based on all reported case law in this country from 1658 to date. Its completeness is your strength.

Throughout its years of service to the legal profession, CJS has been constant in its response to the changing law. Not only do pocket parts keep it always current, but

new topics are added as circumstances demand—new volumes, new supplements keep it fresh and vital.

You can find the law you need quickly, even though CJS thoroughly covers 427 titles. Comprehensive indexing, including a 5-volume general index and individual title indexes, help you locate the area you

need. A section analysis precedes each title; black letter summary statements pinpoint each full statement of law. Footnote case citations are alphabetically arranged by state.

Add up these benefits—and many more—and you'll see why CJS is proclaimed as America's premiere law encyclopedia.
