# The Master's Tools

Fine tools. In the hands of a master they can shape a quality instrument, bring life to a slab of stone or coax a new rose from a handful of earth.

You find masters in every profession. They're the ones at the top or on their way. They've mastered their craft and the tools they use.

For an attorney, those tools are on the shelves of his library.

That's where you'll find *Corpus Juris Secundum*. The last word in legal encyclopedias. The first place to look.

A contemporary statement of American law derived from reported cases and legislation, *Corpus Juris Secundum* is the authority recognized by every American judiciary.

*Corpus Juris Secundum*<sup>®</sup>  
... for the masters.

You can't master your craft until you master the tools.
