If you practice criminal law

The CRIMINAL LAW REPORTER

BNA’s all-in-one-place, authoritative information service that

• alerts you to all major changes in criminal law
• cuts down on your reading load
• saves you time for the actual practice of law

BNA’s CRIMINAL LAW REPORTER covers everything in the fast-changing criminal law field from interpretation and application of existing criminal law as reflected in the opinions and proceedings of courts at every level . . . to formulation of new legislation . . . to unconventional (and controversial) proposals for approaches to crime and the criminal.

Here’s what you’ll receive every week with The CRIMINAL LAW REPORTER:

• a crisply written review and analysis of the latest criminal law developments
• Supreme Court proceedings, arguments, actions, and filings
• decisions and proceedings of federal courts of appeals, and district courts — as well as the principal courts of all the states
• a roundup of notable actions in Congress and state legislatures
• digests of reports and recommendations of commissions, associations, committees, the bar, and the press
• full text of all opinions of the U.S. Supreme Court in criminal cases, and of significant federal legislation
• cumulative indexes every six weeks — and a final index for the six-month period covered by the Reporter volume

You get all that and a whole lot more (along with a sturdy filing and reference binder) when you get The CRIMINAL LAW REPORTER.

WESTLAW
HAS FULL
TEXT PLUS

Full Text Plus found only in WESTLAW, is one of the reasons why WESTLAW sets the standard in computer assisted legal research. It means better, more efficient computer research—at less cost—to you. You get full text court opinions plus expertly prepared case synopses and Key Number headnotes classifying points of law.

Here's how you benefit: The synopses and headnotes often contain words not found in the full text of an opinion, extending your case-finding power. By summarizing the court decision and the points of law involved, they also enable you to evaluate retrieved cases faster. The savings: computer time charges.

Of course, there are other reasons, too. Only WESTLAW is flexible enough to work with many word processing systems and display terminals you may own yourself.
