Some of the most important things you'll learn in law school aren't in any book.

Fifteen years ago, computer-assisted legal research (CALR) didn't even exist. Today it is considered by law firms large and small to be virtually the single most important legal research skill you can learn. Essential to your success as a student, a summer associate, an associate, even a partner.

The LEXIS® service amplifies the power of classic research skills for faster and better research results. It is the power to win, a power you can master now. For initial training or advanced courses, talk to your law library staff or legal research and writing faculty. LEXIS

The power to win.
